Carmen;

Please find attached our response to Sections C.2 and C.4 of EPA's July 2, 2010 conditional approval letter. The documents attached are listed below.

- Draft site-specific sampling and analysis plan that combines the original Application and Amendments 2 and 3 to the application (Section C.2). Please note - we are still evaluating available laboratories that can perform the dioxin-like congener testing using EPA 1668B.
- Response to the U.S. EPA Head Quarter comments (Section C.4).

Please give me a call to discuss, or if you need any additional information.

Thank you,
